

# Perfect Pressure Inside & Outside

SCALA2

SCALA1

# SCALA2

**The comfortable  
choice inside the home**

The comfortable choice inside the home

- Perfect pressure, automatically adjusts to demand
- Quiet operation with low 47 dB(A) noise level
- Compact and fully integrated solution
- One size fits all for easy selection

We recommend SCALA2 for intelligently maintaining perfect water pressure inside homes with up to three floors and eight outlets.

# SCALA1

**The smart choice  
outside the home**

The smart choice outside the home

- Fully integrated booster solution
- Smartphone app control with calendar function
- Twin pump connection option
- Available in 3 & 5 m<sup>3</sup>/h variants

We recommend SCALA1 for irrigation and rainwater harvesting in gardens or farms, or pressure boosting in light commercial settings like restaurants or shops. Available in multiple sizes.
